

Parts and Features

Before Use

Note Unscrew the drain pump filter to let water run out when the machine is not used for a long time.

Note The drawing of machine in the manual is only used for instruction. It may vary from the model you buy.

Installation

Unpacking

- Remove all the packing (including the foam base) or the vibration and noise may occur.
- Dispose all the wrappage safely and keep them out of the reach of children. Danger of suffocation!
- It is normal that water drops appear on the packing plastic bag and the door glass, which are resulted from the water left in the tub for checking out.

Accessories

Make sure that you have received all of the items shown

Accessories	Name	Qty.	Ac
	Inlet hose	1	
	Transit bolts caps	4	

Removing transit bolts

- Remove all the transit bolts at the back of the machine w
- Plug the holes with the transit bolts supplied.

Note Strong vibration, noise or failures may occur if the transit bolts are not removed.

- Keep the transit bolts for future transportation. Whenever machine is transported, the transit bolts must be refitted
